Safe for all ironable garments

GC4914/20

Carefree ironing, no setting required

Ironing perfected

Iron any ironable garment from silk, to linen, to cotton, to cashmere, in any order, without adjusting the temperature. PerfectCare Azur delivers perfect results without the risk of burn or shine. Ironing is now simpler than ever.

One perfect setting for all your clothes

- OptimalTemp technology: perfect combination of temperature
- 100% safe on all ironable garments
- 100% fast on all fabrics; no other steam iron is faster
- 100% easy to use, no adjustment required
- Tested and approved by independent textile experts

Comfortable ironing

- T-ionicGlide: our best 5-star rated soleplate
- Suitable for tap water with Double Active Calc Clean system
- Iron switches off automatically when left unattended
- Quattro Precision Tip for easy reach in tricky areas
- Iron with smart light feedback indicator

Fast and powerful ironing

- 2600 W iron for fast heat up and powerful performance
- Steam output of up to 50 g/min for better crease removal

PHILIPS

Steam iron with OptimalTemp technology and T-ionicGlide soleplate
 Steam 50g/min; 190g steam boost T-ionicGlide soleplate, Safety Auto off + Anti-calc, Safe for all ironable garments

Highlights

OptimalTemp technology

Optimal Temp technology is the only technology which maintains the perfect combination of temperature and steam so you no longer need to adjust the temperature when ironing different fabrics. The perfect combination of steam and temperature is ensured because: 1) Smart Control Processor sets the right temperature 2) HeatFlow technology enables an even steam and temperature balance.

100% safe

100% safe on all fabrics even the most delicate like silk, cashmere, wool, polyester. Independent iron testing institutes have used PerfectCare on the most sensitive ironable garments and they confirmed excellent ironing results.

100% fast

100% fast to iron, no sorting required. Iron all your garments with more effective steam.

100% easy to use

100% easy to use, no adjustment required. You can now iron all ironable garments one after the other, without having to wait or to adjust the iron's temperature dial.

Tested and approved by experts:

This iron is tested and approved by independent textile experts institutes.

T-ionicGlide soleplate

T-ionicGlide is Philip's most premium soleplate. Delivering a new standard in glide and scratch resistance for OptimalTemp irons.

The patented new coating will secure excellent results. The carefully designed shape and vent holes provide an even steam distribution for easy crease removal with the steam iron.

Suitable for tap water

PerfectCare Azur steam iron is designed to be used with tap water. Double Active Calc Clean: A smart combination of Calc Pills and a regular Self Clean reduce the scale built-up. For better ironing results we recommend to use demineralised water. This ensures a consistent steam flow from your iron.

Safety auto off

The iron shuts off automatically when left unattended. If left on its heelrest the steam iron will switch off in 3 minutes, when left resting on the soleplate it will take 2 minutes before the iron shuts off.

Steam iron with OptimalTemp technology and T-ionicGlide soleplate
Steam 50g/min; 190g steam boost T-ionicGlide soleplate, Safety Auto off + Anti-calc, Safe for all ironable garments

Specifications

Fast and powerful crease removal

- Soleplate: T-ionicGlide
- OptimalTemp Technology
- Continuous steam output: Up to 50 g/min
- Steam boost: 190 g
- Power: 2600 W
- Spray

Comfortable ironing

- Cord length: 2.5 m

Easy to use

- Water tank capacity: 350 ml
- Drip stop
- Safety auto off

- Cord storage: Cord clip
- Cord freedom (swivel): 180 degree cord freedom
- Fast and easy filling
- Power cord length: 2.5 m

Sustainability

- Energy saving: 10% energy reduction

Calc management

- Suitable for tap water
- Calc clean solution: Double active calc clean

Technical specifications

- Weight of iron: 1.75 kg

Issue date 2014-08-14

Version: 9.0.1
